Additional Compensation for Coroners

Coroners who investigate three or more deaths stemming from the same incident may be entitled to additional pay.

RSMO 58.095.5 says that the county coroner may receive additional compensation equal to the monthly compensation of the county sheriff when investigations or other services are performed for three or more deaths involving the same incident. This does not apply to counties of the first classification with a charter form of government. The county commission must approve this additional pay.

All compensation must be reported to CERF, and the appropriate contributions should be withheld.

Member Statements

Member Statements will be mailed by the end of April to active participants who have one or more years of service as of December 31, 2016.

Don't forget that participants can view past statements on the Member Portal section of the CERF website, www.mocerf.org. Participants can also run benefit calculations for themselves on the portal. You will need a member identification number in order to register the first time. For help with the member identification or any other issues with the Member Portal, call 877-632-2373.
