FREQUENTLY ASKED QUESTIONS

#1 What determines if an employee's contributions are after-tax or pre-tax?

- From 8/28/1994 through 12/31/1999, employee contributions were after-tax.
- From 1/1/2000 forward, employee contributions are pre-tax, excluded from Missouri and federal income tax only.
- All buyback payments (regardless of service period purchased) should be withheld as after-tax payroll deductions.

#2 What happens when a full-time employee remains in a CERF-eligible position but works less than 1,000 hours per year?

Employee remains a CERF participant and continues to make contributions. The County Clerk must determine if the LAGERS status is going to change as a result of the lower number of hours and adjust their contributions accordingly.

#3 What is considered acceptable documentation of county income?

Any of the following may be submitted to the CERF Administrative Office as documentation of county income.

- W-2s. If the W-2s do not reflect gross wages, a printout from county payroll records must accompany the W-2s, along with an explanation of any difference.
- A federal tax return with supporting W-2s.
- A printout from county payroll records, accompanied by the Clerk's or Clerk designee's certification.
- Other supporting documentation as approved by the Board of Directors.

#4 How do employees change their beneficiaries?

Employees can change their \$10,000 CERF death benefit beneficiaries and/or unmarried Vested death benefit beneficiaries using **Form 1A & 8: Beneficiary Designation – Death Benefits for Active Participants and Unmarried Vested Death Benefit**. Submit the completed form to the CERF Administrative Office by mail or fax or update them online via the Member Portal.

- This form can be obtained from the CERF website (www.mocerf.org).

Employees participating in the 457 or 401(a) Plan can change their beneficiaries using the **Beneficiary Designation 457 or 401(a) Plan form**. These forms can be completed online at <https://www.empower-retirement.com> or via hard copy. Completed hard copy forms should be submitted to Empower Retirement, PO Box 173764, Denver, CO 80217-3764.

- These forms can be obtained from the CERF website (www.mocerf.org) or from Empower Retirement in St. Louis.

#5 Can I continue to use older versions of forms in order to deplete my supply?

Because our forms are generally updated to collect additional information, once a newer version of the form is provided to the clerks and added to our website, we will no longer accept an older version.

#6 Why can't I submit forms to CERF via e-mail?

Since CERF forms include social security numbers for our members and e-mails are not a secure method of transmittal, forms should be sent by regular mail, fax, or via the Upload Supplemental File link in CARS in order to better protect member information.

#7 How does an employee become vested in the CERF Pension Plan?

Participants are vested in the CERF Pension Plan after eight years of continuous creditable service. One year of vesting credit is received for each calendar year in which they have received pay for 1,000 hours or more in each of those eight years. Part-time or Seasonal service for less than 1,000 hours is calculated using the 91-Hour Rule.

#8 How does an employee become vested in the CERF Savings Plan?

Participants become vested in the CERF Savings Plan upon their completion of five years of service. One year of vesting credit is received for each calendar year in which they have received pay for 1,000 hours or more in each of those five years. A participant who dies while actively employed will automatically become vested. Participants shall always be 100% vested in their rollover accounts, 457 contributions and .7% contributions (mandatory for non-LAGERS employees).

EMPLOYEE ELIGIBILITY

Participation in the CERF Pension Plan is mandatory for eligible full-time employees hired on or after January 1, 2000.

Full-time Employees

Eligible full-time employees, in participating counties, who are scheduled to work at least 1,000 hours each year, are required to enroll in the CERF Pension Plan on their date of hire.

Employees hired in a full-time position who later change to part-time status without a break in service will remain in CERF and continue to make the required contributions regardless of the number of hours worked.

Note: Contributions will change if the employee's LAGERS status changes.

Part-time Employees

Eligible employees who are hired in a part-time position and scheduled to work at least 1,000 hours in a calendar year are required to enroll immediately upon hire.

Employees who are hired on a part-time basis but scheduled to work less than 1,000 hours per year are not enrolled in CERF at the time of hire. However, if they reach 1,000 hours in a calendar year, they become eligible for CERF and should be enrolled based upon the following:

- If the employee reaches 1,000 hours on or before June 30, enroll them on July 1 of the current year.
- If the employee reaches 1,000 hours after June 30, enroll them on January 1 of the following year.

Seasonal Employees

Eligible employees hired into a seasonal position and scheduled to work at least 1,000 hours in a calendar year are required to enroll immediately upon hire.

Employees hired on a seasonal basis but scheduled to work less than 1,000 hours per year are not enrolled in CERF at the time of hire. However, if they reach 1,000 hours in a calendar year, they become eligible for CERF and enroll based upon the following:

- If the employee reaches 1,000 hours on or before June 30, enroll them on July 1 of the current year.
- If the employee reaches 1,000 hours after June 30, enroll them on January 1 of the following year.

CERF participants, whether full-time, part-time or seasonal, remain in CERF until they terminate county employment for a period greater than 30 days.

Non-Eligible Employees

Employees of counties that are statutorily excluded from CERF are not eligible for this plan. Certain employees may receive pay from the county but may not be eligible for CERF if they are covered under a separate retirement program established by the State of Missouri. The positions listed in the following table are not eligible:

Position	Eligible	Reason
911/Emergency Management	It depends	911 and Emergency Management employees who are controlled by an independent Board are <u>not</u> eligible except if the Board is made up of <i>all</i> County Commissioners. 911 and Emergency Management employees who are hired and fired directly by the County Commission are eligible.
Circuit Clerks	No	The Circuit Clerk and Deputy Circuit Clerks who are members of MOSERS are not eligible for membership in CERF. However, if the deputy clerk has 1,000 hours or more per year that he/she does not receive credit for in MOSERS, this time may be credited toward CERF.
Court Employees	No	Employees of the court are not county employees and are not eligible. An employee who is hired and/or fired by, and whose work/responsibilities are controlled by, a Circuit or Associate Circuit Judge is <u>not</u> eligible. However, if the employee is hired and/or fired by the <u>county</u> and is directly compensated from county funds, the employee will be eligible. If in doubt, contact the CERF Administrative Office.
Election Employees	It depends	Directors and/or employees of independent Election Boards are <u>not</u> eligible for participation in CERF. Employees who work on elections and are employees of the County Clerk’s office are eligible.
Extension Employees	No	Missouri Law provides that extension employees are employed by the University, which is a political subdivision of the State. State employees are not eligible for membership in CERF.
Juvenile Employees	No	Employees who work for the Juvenile Department are <u>not</u> county employees for the purposes of CERF. Missouri courts have consistently ruled that juvenile employees, including detention center workers, are employees of the Circuit Court. Furthermore, House Bill 971, effective August 28, 1998, has also stated that juvenile employees are not eligible for CERF. (§211.393.1(1))
Nurses/County Health	It depends	Employees of a health unit established pursuant to Chapter 205, RSMo, are not eligible. Nurses who are controlled by the County Commission rather than a Chapter 205 unit are eligible.
Prosecuting Attorney	No	§50.1000(8), RSMo, provides that Prosecuting Attorneys are <u>not</u> eligible because they are members of a separate retirement system. Other employees of the Prosecuting Attorney’s Office are eligible.
Sheriff	No	§50.1000(8), RSMo, provides that Sheriffs are <u>not</u> eligible because they are members of a separate retirement system. Other employees of the Sheriff’s Department are eligible.

EMPLOYEE CONTRIBUTIONS

ALL EMPLOYEE CONTRIBUTIONS TO CERF SHOULD BE WITHHELD FROM PRE-TAX DOLLARS AND BUYBACK PAYMENTS SHOULD BE WITHHELD FROM AFTER-TAX DOLLARS.

Effective with the signing of HB 1455, all participants hired on or after February 25, 2002, are required to contribute an additional 4% of their gross compensation to CERF, starting January 1, 2003.

Note: Pre-tax payroll deductions for the CERF Pension Plan, 457 Savings Plan, and the 0.7% to the 401(a) component of the Savings Plan (non-LAGERS employees only) are **ONLY** exempt from state and federal income taxes. The contributions ARE subject to Social Security, Medicare and unemployment taxes.

LAGERS Participants

LAGERS participants hired on or after February 25, 2002, contribute 4% of their gross salary to CERF.

Active LAGERS participants who were employed with the county prior to February 25, 2002, in a part-time, seasonal or full-time position, regardless of CERF eligibility, are not required to make contributions. However, if they terminate employment for more than 30 days and later return to county employment, their required contribution is 4%.

LAGERS participants may also elect to make additional pre-tax contributions to the 457 Savings Plan. These contributions should be remitted to Empower Retirement within 5 days of the end of the payroll period.

Non-LAGERS Participants

Non-LAGERS participants hired on or after February 25, 2002, contribute 6% of their gross salary to CERF.

Active non-LAGERS participants who were employed with the county prior to February 25, 2002, in a part-time, seasonal or full-time position, regardless of CERF eligibility, will continue to contribute 2% of their gross salary. However, if they terminate employment for more than 30 days and later return to county employment, their required contribution is 6%.

All non-LAGERS participants are required to make a 0.7% pre-tax contribution to the 401(a) Plan, which is immediately vested. Upon termination from employment, the participant can contact CERF or Empower Retirement to discuss distribution options.

Note: If LAGERS employees hired in a full-time position change to part-time or seasonal status, they remain a CERF participant but may lose their LAGERS status. If they become non-LAGERS, their CERF contributions will increase by 2% and they must begin making a 0.7% pre-tax contribution to the 401(a) plan.

Non-LAGERS participants may also elect to make additional pre-tax contributions to the 457 Savings Plan. These contributions should be remitted to Empower Retirement within 5 days of the end of the payroll period.

Summary of Employee Contributions

	Hired before February 25, 2002	Hired on or after February 25, 2002*	401(a) Contribution
LAGERS employee	0%	4%	Not Applicable
Non-LAGERS employee	2%	6%	0.7%

* Includes those employees hired before February 25, 2002, but who terminated employment for more than 30 days and later returned to county employment in either the same or a different county.

TERMINATION OF NON-VESTED PARTICIPANT

Overview

Use the steps below for non-vested (less than eight continuous creditable years of service) participants who terminate county employment.

- Note:** If an employee is a member of CERF and *changes to an eligible position but works part-time or seasonal hours*, submit a **Change of Information** rather than a Termination Non-Vested form, because contributions will continue.
- Note:** It is very important to submit terminated non-vested information via CARS as soon as possible, especially at year-end, in order to comply with the Required Minimum Distribution (RMD) rule. **An RMD distribution must be made no later than April 1 of the year following the later of member's date of termination, or age 72.** Terminated Non-Vested information should be submitted *within 15 days* of the participant's termination.

1. Submit the Termination Non-Vested Information:

- **Termination Non-Vested Information via CARS**
- **Form 2A: Refunds - Payment Election.** The participant should complete this form if contributions are \$200 or more. Participants should also be given the Instructions for Form 2A to better understand their payment options.

- Note:** CERF will attempt to obtain a completed Form 2A from the participant if the County Clerk's Office does not provide it to the CERF Administrative Office.

If a CERF Refund is Due

1. CERF verifies that all of the participant's salary, hours, and contribution reports through the participant's termination date have been submitted to the CERF Administrative Office and that the participant does not appear on the next pay period report.
2. CERF verifies that payroll header reports (**for all employees in this county**) through the terminating employee's date of termination have been processed at the CERF Administrative Office. Payroll reports are not posted until matching funds have been remitted.
3. A refund will be issued to the participant as long as it has been more than 37 days since his/her termination date.

- Note:** The County Clerk should advise the terminating employee to inform CERF of any address changes for sending the refund and subsequent 1099-R.

- Note:** If the county paid any portion of the contributions on behalf of the employee, the county will receive notification of available credit. County credits are calculated quarterly, for employees who terminated at least three months prior. See page 49 for more details on the county credits process.

If Member has a 457 and/or 401(a) Balance

1. The participant should contact Richard Anderson at the CERF Administrative Office at (573) 632-4114 or randerson@mocerf.org to determine options for these funds.

Submitting Termination Non-Vested Information via CARS

Use the steps below to submit this information upon a non-vested (worked less than eight continuous creditable years) participant's termination of employment or eligibility.

1. In CARS, under Forms, select Employment Change.
2. From the drop-down list, select Term Non-Vested.
3. Input the social security number and select Next.
4. Enter the requested data in the ***Participant Information*** section.
5. Enter the requested data in the ***Employment Information*** section.
 - The **Original Date of Hire** is the date the employee began part-time, seasonal or full-time employment regardless of his/her CERF eligibility status.
 - The **CERF Eligibility Date** is the date the employee was eligible to enroll in CERF.
 - Indicate the employee's **LAGERS Status**.
 - Provide the **Date of Termination/Ineligibility, Department and Position**.
 - Check one of the boxes that best explains the **Reason for Termination** of this employee.
6. Select Next. You may select the Download Form button if you want to print a copy for your records.

Completing Form 2A: Refunds – Payment Election

The Form 2A Instructions and Payment Election should be given to non-vested participants who terminate employment so they can read about and choose their option(s) to receive a refund of employee contributions totaling \$200 or more.

1. The **“Paid to Me”** and/or **“Direct Rollover”** options must be checked by the participant. If both boxes are marked the participant must fill in a dollar amount for the rollover (at least \$500), and the remaining balance will be paid directly to the participant.
2. Enter the requested data in the ***Required Signature*** section.
3. Obtain the **participant’s signature** and **date**.

TERMINATION OF VESTED PARTICIPANT

Overview

Use the steps below for vested participants who terminate county employment.

- Note:** It is very important to submit Terminated Vested forms to CERF as soon as possible, especially at year-end, in order to comply with the Required Minimum Distribution (RMD) rule. An RMD distribution must be made no later than April 1 of the year following the later of the member's date of termination, or age 72. ***If the paperwork is not submitted timely, the only option available to the member will be the Single Life Annuity, with no survivor option.*** Terminated Vested forms should be submitted *within 15 days* of the participant's termination.

- Note:** Participants are vested in the CERF Pension Plan after eight years of continuous creditable service. One year of vesting credit is received for each calendar year in which they have received pay for 1,000 hours or more in each of those eight years. Part-time or Seasonal service for less than 1,000 hours is calculated using the 91-Hour Rule.

- 1. Complete the printed **Form 2V: Termination Vested**. This form should be printed from www.mocerf.org – Retiree tab – Pension Plan Forms. The participant and Clerk **MUST** sign and date page 2.

- 2. If the member is vested and is retiring immediately, they also need to complete **Form 2B: Designation of Survivor** and attach a copy of his/her ID and a copy of the beneficiary's ID with it. This form must be signed and dated by the participant 30-90 days prior to the commencement date. The benefit will not commence if the form is not dated 30-90 days prior to the commencement date.

- Note:** The participant must complete and date Form 2B **and** Form 2V, 30-90 days prior to the commencement of benefits if the participant is going to retire upon termination of county employment.

- Note:** CERF will send the **Form 2B: Designation of Survivor** to the participant at the appropriate time if the participant is retiring more than 90 days into the future.

- 3. Attach salary documentation for the member's two highest years of salary.

- 4. Submit the printed **Form 2V** and, if applicable, **Form 2B**, to the CERF Administrative Office via the Upload Supplemental Files link in CARS, fax, or mail.

- Note:** Both the participant and the County Clerk must sign page 2 of the Form 2V.

5. The Initial Salary Verification (Verification of Salary, Hours, and Contributions) for the duration of the participant's employment (1994 or later) should be submitted via CARS for **any participant terminating vested and employed prior to January 1, 2003, or did not pay contributions**. CERF verifies with the county that employee and county contribution amounts listed on the Initial Salary Verification match those in the CERF database. Any discrepancies will be resolved with the County Clerk or designated department.

Note: If there are overpaid or underpaid contributions, CERF will contact the participant and make arrangements to correct the situation. Or, if the participant is still active with the county, a shortage of contributions can be made up on the last payroll as a pre-tax deduction.

6. CERF verifies that all payroll header reports through the participant's termination date have been submitted to the CERF Administrative Office.

7. CERF determines if there is more than 10% difference between the two highest years of salary. If so, an explanation must be submitted by the County Clerk.

8. CERF verifies the two highest years of salary match those in the CERF database and those shown on the Termination Form.

Note: CERF will verify if the two highest years of compensation include a payment attributable to any prior year (including, but not limited to, a payment of benefits, back pay, unused vacation days or sick leave) needing to be excluded. See 16 CSR 50-2.050(1).

Note: Any discrepancies found during this process will be resolved with the County Clerk's Office or designated department.

9. CERF verifies that payroll header reports (**for all employees in this county**) through the terminating employee's last date of employment have been processed at the CERF Administrative Office. Payroll reports are not posted until matching funds have been remitted.

10. CERF sends a benefit packet to the participant who is retiring within 30-90 days of terminating county employment. Those participants retiring at a later time will be contacted prior to turning age 62.

Note: Participants who wish to retire between the ages of 55 and 61 must contact the CERF Administrative Office to make arrangements for early retirement.

If Member has a 457 and/or 401(a) Balance

LEAVE OF ABSENCE

Leave of Absence information should only be submitted for employees who are removed from the payroll header reports. If an employee receives pay while on leave, leave information should not be submitted.

Types of Leave

Medical Leave

CERF participants may receive creditable service while absent due to medical reasons according to time allowed in the county's written Medical Leave Policy, but creditable service cannot exceed 12 months. If the county has no written leave policy, or medical leave exceeds the time allowed per the county's medical leave policy, the participant will not be eligible for the \$10,000 death benefit.

- ✓ **Note:** Submit a complete copy of the county's written Medical Leave Policy for a participant who is on medical leave.

Military Leave

CERF participants must purchase creditable service (without interest penalty) for absence due to military leave in order to have it count toward vesting and creditable service. Salary will be estimated for use in calculating the amount of contributions missed by averaging compensation paid during the last twelve months prior to military leave. Military service can only be purchased and credited if the employee returns to county employment within 90 days of returning from military service.

- ✓ **Note:** Savings Plan participants may make up 457 or 401(a) contributions, if desired. Contact the CERF Administrative Office for more details.
- ✓ **Note:** If the participant was hired prior to February 25, 2002, and there was no break in service prior to the military leave, then no contributions would be due.

Other Leave

CERF participants will not receive creditable service for absence due to approved, but non-medical or non-military leave.

- ✓ **Note:** The right to a \$10,000 death benefit will be forfeited under certain types of leave and circumstances.

Submitting Medical/Military/Other Leave Information via CARS

Use the steps below to submit information for each circumstance when a participant **begins and ends** medical, military, or other leave and they are not being paid by the county.

2. Select the applicable type of leave. Submit a complete copy of the county's written Medical Leave Policy if the participant is on medical leave. Please provide a brief explanation if **Other** is selected.

See 16 CSR 50-2.120(4). It is also important that the participant understands they will only accrue creditable service based upon the number of hours worked during the calendar year as determined by rules regarding seasonal work. See 16 CSR 50-3.010(4)(B).

PURCHASING EXCLUDED SERVICE

Overview

Participants who previously worked in an eligible county position and re-enroll in CERF may purchase eligible prior service using after-tax dollars. They will receive a postcard following termination, informing them to contact CERF if they return to county employment. **If they return to county employment, they must contact CERF within 60 days of their rehire date or that service will no longer be eligible for purchase.** This notification is also included in the enrollment portfolio.

When a participant is enrolled, **he/she must contact CERF** regarding the purchase of previously excluded service. A determination is then made regarding whether the participant is eligible to purchase the service. If eligible, the following steps are taken to offer the purchase opportunity to the participant:

1. CERF asks the previous County Clerk's Office for written verification of salary and hours for the time period to be purchased.
2. CERF calculates the buyback amount due based upon the type and duration of service being purchased, LAGERS status, amount of contributions due, and interest, if applicable.
 - Note:** The interest rate is the prime rate plus 2%.
3. CERF sends a letter to the participant informing them that they have excluded service. **A response to this letter must be received in the CERF Administrative Office (by mail or fax) within 60 days of the date of the letter.** Failure to do so forfeits the participant's opportunity to purchase the service. If the participant wishes to purchase the service, buyback details are mailed to the participant.

This letter provides the participant with the opportunity to do one of the following:

- Purchase excluded service as a lump sum payment.
 - Purchase all selected excluded service through additional payroll deduction.
 - Not purchase any excluded service.
4. CERF notifies the County Clerk if the participant elects to purchase the excluded service.

Any additional payroll withholding for this purchase of service will be communicated to the County Clerk's office and should be withheld after-tax. Any county responsibility for the buyback of a service period will also be communicated to the County Clerk's office and an immediate lump sum payment will be requested from the county.

- Note:** **Payment in full** must be received by the CERF Administrative Office within 60 days of the employee's death or termination date if employment with the county is terminated **before** the last payment is made on the service period(s) being purchased. No credit will be given for any unpaid service period(s) if payment is not received by that time (16 CSR 50-3.010(3)).

Uploading the Payroll Header

The “flat” (.txt) file or Microsoft Excel spreadsheet is to be uploaded to the CERF Administrative Office using the CARS instructions shown below.

1. Following is an example of the proper format for naming a payroll file.
County# (xxx)_County Name_County_Beginning Payroll Date (yyyy_mm_dd)

Example: 026_Cole County_2018_08_01
2. At the left of the screen, under Payroll Reports, select Upload Files. You can also select Upload Files from the middle of the Dashboard Maintenance screen. The Upload File screen will appear. Under File Type, choose either Excel File or Text File from the File Type drop-down menu.
3. Select the appropriate reporting frequency. Only the payroll reporting options available for your county will be shown in the drop-down menu.
4. Next, click the Browse button to find the appropriate file. Click the Upload File box.

File Status

After the file is uploaded, the file status will be either Valid or Review. If the file status is Valid, it can be submitted to CERF. If the file status is Review, there are questions about the information that must be addressed before it can be submitted to CERF.

File Errors and Data Errors

There are two types of errors, File Errors and Data Errors.

1. File errors are formatting errors and will display on the screen immediately at the time of upload. An example of a file error is if the Social Security Number contains dashes or is less than nine characters long. A Payroll Header will not upload until File Errors are corrected.
2. Data Errors occur when incorrect information is reported on the Payroll Header, such as an incorrect contribution amount reported for the corresponding salary. Data Errors can be viewed in CARS approximately 10 minutes after the file has been uploaded.

Errors Status

A hard error requires action by the user. Warning and Informational errors need to be reviewed by the user, but can be suppressed in order to move forward with the upload. You should also check the Payroll Header Validation box for additional errors (located at the bottom of the Payroll Header Maintenance screen). After all errors/warnings have been addressed, the Payroll Header status will change to Valid and the Submit Payroll button will appear. Press the Submit Payroll button to submit the payroll report to CERF.

View and Correct Data Errors

1. Select Payroll Header from the left navigation panel. Enter the Payroll Begin Date and click the Search button. Locate the appropriate Payroll Header and click the Open button. All Payroll Detail rows will have a status of either Review or Valid. Valid indicates the information passed the validation process. Review indicates there is a question about the information that must be addressed. Once the data has been corrected, the status will change to Valid.
2. Under Payroll Detail Validation, you will see the number of payroll records that are valid, and the number of records that need to be reviewed. You will also see any errors that exist on the report.
3. These errors must be reviewed and corrected before being submitted to CERF. If the information is correct but warnings still exist, you can suppress the warnings by checking the Suppress Warnings box at the bottom of the payroll detail record. Once the information is corrected, or the warnings have been suppressed, press the Save button. The Payroll Detail status will change to Valid.
4. Under the Payroll Header Validation grid, you will see any participants missing from the Payroll Header. Any missing forms must be completed and submitted to CERF. After all missing forms have been submitted, you can suppress the warnings by checking the Suppress Warnings box at the top of the page and press the Save button. The Payroll Header status will change to Valid.
5. Press the Submit Payroll button. The Submit Payroll button will not be available until the status of all Payroll Detail records is valid and any warnings on the payroll header have been suppressed. The status of the Payroll Summary does not matter.

Note: In reviewing the bottom of the Payroll Header report, make note of any warning of missing participants. If there are any such warnings, please submit the necessary forms as soon as possible (such as termination forms, leave forms, etc.)

COUNTY CREDIT PROCEDURES

Calculation of County Credits

County credits are calculated quarterly in January, April, July, and October. Each time county credits are processed, the County Clerk and County Treasurer will receive an email notification that the information is available on the CERF County Portal. Counties are able to apply 100% of the credits to county contributions on future payroll reports upon receiving the credit statement.

The schedule for calculating credits is as follows:

<u>County Credit Processed:</u>	<u>Terminations Through:</u>
January	September 30 th of the previous year
April	December 31 st of the previous year
July	March 31 st of the current year
October	June 30 th of the current year

County contribution credits must be applied to future county-paid employee contributions.

- Note:** If a county has an outstanding credit for county-paid contributions but is no longer paying contributions on behalf of its employees, the county may use the outstanding credit to offset the amount being remitted for Recorder Document Fees.

Using County Credits

A **Deposit Exception** is entered in CARS when the total contributions (contributions plus buyback payments) on the Payroll Header do not equal the amount of funds remitted for the payroll. At the left of the screen, under Forms, select Deposit Exceptions. The Deposit Exceptions Lookup screen will appear. To search for an existing Deposit Exception, enter the appropriate search criteria and press the Search button. Records meeting the criteria entered will appear under Search Results. Place a check mark in the box next to the desired document and press the Open button.

To create a new Deposit Exception document, select the New button.

The Deposit Exception Maintenance screen will appear. Under the Deposit Exception/Available Credits grid, you will see a list of credits with respective balances. Enter the Receipt Date, Payroll Begin Date, Payroll End Date, Payroll Report or Expected Deposit Total, and Funds Remitted.

- Note:** CARS will calculate the difference. Do not enter an amount.

In the County Contribution Credits panel, enter the amount of credits being used in the appropriate fields.

Click the Save button. If the total dollar amount entered matches the difference calculated by CARS, the Submit button will appear. Click Submit. The Submitted box at the top of the page will be checked and the submitted date will show today's date.

Making a Deposit

1. In the left navigation panel, under Payroll Reports, select Make a Deposit. The Deposit Lookup screen will appear. To enter a deposit, select ACH Pull from the Deposit Method drop-down menu. Click the New Deposit button.
2. Next, select the appropriate bank account number from the drop-down menu and enter the deposit amount in the box provided. Click the Save button.

Note: For security reasons, only bank account information entered by the user will be listed in the drop-down menu.

3. Click the Add Row button in the Deposit Details panel. Select the appropriate Deposit Type from the drop-down menu and enter the dollar amount and the period. If the deposit is for payroll, the period is the month in which the employees receive their paychecks. If the deposit is for fees, the period is the month the fees were collected in the various offices, NOT the month the fees were turned over to the Treasurer. The total of all of the rows should equal the amount of the deposit. Click the Save button. If there are no errors/warnings, the deposit status will be Valid and the Submit button will appear. Click the Submit button. Any errors/warnings will appear in the Validation Information panel at the bottom of the screen. Fix any errors and click the Save button again. The Submit button will appear at the top of the screen. Click the Submit button.
4. Available credits are shown under the Available Credit grid on the Deposit Maintenance Screen.
5. To apply a credit to a deposit, complete a Deposit Exception.
6. The Deposit History grid located at the bottom of the Deposit Maintenance Screen is a read-only table. Deposits for the last three periods are shown here.

Excluded Service	<p>Service specifically excluded from Creditable Service, including:</p> <ul style="list-style-type: none"> • Periods of Employment during which the Participant opted out of the Plan and periods excluded under the Prior Plan as a result of the Opt Out. • Prior Service of a Former Employee who separated from service prior to January 1, 2000, unless purchased in accordance with the terms of the Prior Plan or purchased by a Special Consultant. • Service prior to separation from service if a Participant was not vested at the time. • For Part-time or Seasonal Employees, service prior to the Participant's Eligibility Date unless the service is purchased in accordance with the rules applicable to Part-time or Seasonal Employees. • Service prior to a stint in uniformed service (see section 414(u) of the Internal Revenue Code) unless no contributions were payable during Military Service due to hire date and LAGERS status.
First Benefit Cycle	<p>The date on which a retiree's benefit payments are first paid, irrespective as to commencement date. The First Benefit Cycle (FBC) may never be prior to the commencement date.</p>
Forfeited Service	<p>Service after August 28, 1994, that is forfeited due to a member terminating non-vested. This service may be repurchased to become creditable if employee is rehired. Generally, this is also the service code for members who have not made contributions, or for whom the county has not made contributions, and terminate non-vested. This is Creditable Service that is forfeited because an Employee terminates before completing the eight years of service requirement to be vested. This definition applies equally to LAGERS and Non-LAGERS Employees.</p>
Full-Time Employee	<p>An Employee whose performance of duties requires not less than 1,000 Hours of Service per calendar year. Elected officials are considered to work at least 1,000 hours for the purposes of CERF.</p>
Hire Date	<p>The date that an employee begins actual employment with an employer.</p>
Hour of Service	<p>For vesting purposes, each hour for which an Employee is paid or entitled to payment for performance of duties for the Employer. Ineligible PCS	Prior creditable service that is not eligible to be included in service calculation.
Ineligible PCS Awarded	Service prior to August 28, 1994, that would otherwise be considered Creditable Service except for the following reasons: Prior creditable service awarded but service is ineligible to be counted in CERF. This PCS is awarded because the member met the criteria by being employed on June 10, 1999, and continued working through January 1, 2000. An example would be someone who had prior creditable service but has a period of service for which they owe contributions (i.e. eligible non-contributing). Another example is someone who terminated non-vested. Prior Creditable Service Awarded would be changed to Ineligible PCS Awarded.
Joint and Survivor	A reduced monthly benefit for a retiree's lifetime, with a named survivor to receive a percentage of that benefit for his or her lifetime, after the retiree's death.
LAGERS	Local Government Employees Retirement System. When used as an employee designation it means the employee is eligible for LAGERS. An employee with this designation makes contributions at a different rate than a Non-LAGERS employee. When used as a county designation it means the county's employees are eligible for LAGERS if certain hour requirements are met.
Leave of Absence (Medical)	Service by an employee for an approved medical leave. The member continues to accrue creditable service for a period of time allowed by the county's written medical leave policy, not to exceed 12 months.
Leave of Absence (Military)	Service by an employee for approved military leave. The member continues to accrue vesting and creditable service for the period of military service as long as the employee returns to county employment within 90 days of returning from the military and the required contributions are paid. Contributions due are to be based on average monthly pay received in the twelve months prior to military leave.
Leave of Absence (Other)	Service by an employee for an approved leave of absence. The member does not accrue service or vesting for this period.
Level Income	This option is available to those retiring prior to age 62 and provides a level income benefit (from this plan and Social Security) throughout retirement. The CERF benefit will be greater before age 62 but reduced after age 62.
Level Income with Survivor	A combination of level income and joint and survivor annuity options. This causes a greater adjustment to the initial pension than if only one of the two options is chosen.

Member	<p>An active or former employee who is eligible for CERF benefits. CERF membership may be broken down into two categories as follows:</p> <p>Active Member An Employee who has not incurred a separation from service, and who meets the criteria to participate in the Plan.</p> <p>Inactive Member Anyone who is not an Active Member and who still has rights to benefits under the Plan. This would include a terminated employee with vested rights to a Plan benefit in the future.</p>

Membership Service	<p>Creditable service on and after August 28, 1994. Membership Service generally refers to the service that is counted toward meeting the eight year requirement to be vested. At some points, Membership Service is used synonymously with Creditable Service. For example, the Missouri Statute says that a Participant is not vested if he or she leaves employment prior to completion of at least eight years of Creditable Service.</p> <p>A Participant must work at least 1,000 Hours in a Plan Year to be enrolled in the plan. However, a Full-Time Employee is enrolled from the time he or she becomes an Employee if employment is expected to result in 1,000 Hours of Service.</p> <p>An Employee who becomes a Participant must complete at least 1,000 Hours of Service in a Plan Year to receive one year of Vesting Service.</p> <p>A Participant only receives a year of vesting service if he or she receives Creditable Service for the months in the Plan Year during which Hours of Service were earned.</p> <p>See also Hour of Service for the manner in which Hours of Service are credited.</p>
---------------------------	---

Non-LAGERS	<p>When used as an employee designation it means an employee who is not eligible to participate in LAGERS, either because the county has no LAGERS coverage or the employee's hours do not meet the LAGERS minimum. An employee with this designation makes contributions at a different rate than a LAGERS employee. When used as a county designation it means the county's employees are not eligible for LAGERS benefits.</p>

Normal Form of Benefit	<p>A lifetime monthly pension with no survivor benefits. Payments end upon the retiree's death. See also <i>Single Life Annuity</i>.</p>

Prior Creditable Service ("PCS")	A member's period of employment rendered prior to August 28, 1994. This period must be purchased by the employee to count in CERF unless it has been awarded. This is Prior Service included in Creditable Service in accordance with Table 1 of 16 CSR 50-2.150.
Prior Creditable Service Awarded	A member's period of employment rendered prior to August 28, 1994, that has been awarded and included in Creditable Service in accordance with the changes to CERF that were effective January 1, 2000. The member does not have to purchase this service in order for it to count in CERF. PCS is awarded if the member was an active employee on June 10, 1999, and worked continually through January 1, 2000. Table 1 of 16 CSR 50-2.150 governs the rules for this service.
Prior Plan	The CERF Pension Plan as in effect through and including December 31, 1999.
Prior Service	Service before August 28, 1994, which is the inception date for the Pension Plan.
Purchase Excluded Service	The participant can purchase none, some, or all of excluded service that was forfeited when the employee left before accruing the eight years of service when they re-enroll in CERF subject to plan rules. The cost of the buyback service is calculated by multiplying compensation earned during the specified service period they wish to buy back by the contributions rule in effect during that time, plus interest equal to the current prime rate plus 2%. The buyback can be purchased in one lump sum, or amortized as a payroll deduction (over the lesser of 48 months or the number of months constituting the time period which they are purchasing). In the case of a retiree, buyback payments may be deducted from their monthly annuity payment over a period of time not to exceed 48 months.
Refunded Contributions	Contributions made on behalf of a member which are later returned if the member terminates non-vested. This service period would need to be repurchased upon the member's re-employment in the county in order to have it included as creditable service.
Refunded in Error	A service period in which the Participant mistakenly received a refund of contributions due to delay in receiving paperwork from the county in which the participant was rehired. The participant is given the opportunity to repurchase this service period without penalty or interest.
Retiree	Member who is eligible for, and who has completed and returned to CERF the necessary paperwork to commence benefits. Member is or will shortly be receiving a benefit payment from CERF.
Retirement Benefit Options	These include forms of payment other than the Single Life Annuity offered by the plan. Current annuity choices include 10-Year Certain and Life; 100%, 75%, and 50% Joint and Survivor; Level Income Option; and Level Income Option with 100%, 75%, and 50% Joint and Survivor. These forms of benefit are adjusted from Normal Form of Benefit to reflect the different payout structure.

Seasonal	An Employee who works intermittently, but less than twelve months during a calendar year whether or not the position is anticipated to require the performance of duties of 1,000 hours or more of Service in a calendar year.
Single Life Annuity (SLA)	A lifetime monthly pension with no survivor benefits. Payments end upon the retiree's death. See also <i>Normal Form of Benefit</i> .
Special Consultants	A County Employee who terminated between January 1, 1990, and August 27, 1994, who worked for an Employer for at least eight years and applied to the board of trustees to be a special consultant on the problems of retirement for the remainder of their life. Special consultants can receive pension credit for their Prior Service as a county Employee. For non-LAGERS, the cost is 3% of Average Final Compensation times years purchased. For LAGERS, the 3% is adjusted to 2%. At least 50% of the cost must be paid at the time of retirement with the remainder to be paid in equal monthly installments not to exceed 48 months. See also 16 CSR 50-3.060(1).
Target Replacement Ratio	A method that seeks to provide a pension benefit that, when added to Social Security and other benefits, is a percentage of the income that the member earned before they retired. The Target Replacement ratio is: 80% if Average Final Compensation is less than or equal to \$36,000; 77% if Average Final Compensation is greater than \$36,000 but less than or equal to \$48,000; and 72% if Average Final Compensation is greater than \$48,000.
Terminated non-vested, transferred to an ineligible position	Member is still employed by a county but has transferred to a position that is not eligible for CERF. Member is not entitled to a retirement benefit from CERF. Members with this code who have made contributions will receive a refund of contributions paid.
